Sale Terms and Conditions

All cattle sell guaranteed under the Terms and Conditions of the American Angus Association and are guaranteed by the individual consignor. All cattle must be paid for on sale day, prior to their release, unless previous arrangements have been made.

Transportation

After payment arrangements, cattle may be transported or arranged to be left at F&T Livestock for future pick up. Transportation intentions will be verified at settlement and noted on load out papers.

Update Information

A supplement sheet will be available sale day with updated information. This sheet and any announcements made from the auction block will take precedence over the sale book.

Herd Health

Health certificates, issued by a licensed veterinarian within 30 days, will accompany all cattle for immediate shipment.

Breeding Age Bulls

Breeding age bulls will have a minimum scrotal circumference of 32 cm and will have passed a breeding soundness evaluation (BSE) performed by a licensed veterinarian within 60 days of the sale date. Bulls will be in compliance with the Missouri State regulations regarding a negative Trichomoniasis status.

Genetic Conditions/EPDs

Current genetic condition status and EPDs are listed and current as of February 14, 2025. Updated information can be viewed on line at <http://www.angus.org>.

Inspection of Cattle

The cattle will be available for viewing on Saturday, March 15th at 2 p.m. at the sale site.

Greetings from the Heartland!

Last year reports stated "Cattle Inventory at 73 year Low" (1/1/24) and this year all cattle inventory was down another 1% (86.7 M) despite seeing slight increases in the dairy herd; charting the 6th consecutive year of decline. Cattle on feed were also down 1%. These numbers create the opportunity to put cattle producers in favorable positions - just check out your local market reports - It is an exciting time to own cattle!

Welcome to our 30th Anniversary sale! Thirty solid years bringing quality cattle to our customers. This year is no different and may be one of our top collections ever. We have an exciting offering of young females - 37% of the spring cows are first calf heifer pairs or bred heifers AND 22 fall bred heifers. Plus, the largest number of bulls consigned as well. Several top AI sires are represented, 39% of the lots selling have genomic data, 35% qualify as CAB seedstock; plus, a proven pathfinder cow. This will be a sale not to miss!

We will again provide online viewing and bidding - see section on inside cover for information. We will also post sale updates, additional pictures and videos on our FaceBook page; plus, have an on-line version of the catalog.

A sincere thanks to all the previous buyers and advertisers for supporting our sale! I look forward to seeing you on sale day and, as always, feel free to contact me.
